

# Juspay Payment Gateway for Magento 2

This extension allows you to use Juspay as payment gateway in your Magento 2 store.

## Installation

Upload the extensions files under **to\_upload** directory to "**MAGENTO\_ROOT/app/code**" directory of your Magento 2 Installation and then run the below commands.

```
php bin/magento module:enable Juspay_Payment --clear-static-content  
php bin/magento setup:upgrade
```

Enable and configure Juspay in Magento Admin under  
`Stores -> Configuration -> Sales -> Payment Methods -> Juspay`.
